

College Student Panel
Wednesday, January 05, 2011
1:30 p.m.—2:23 p.m. 9th-12th
2:26 p.m.—3:19 p.m. 7th-8th

Introduce yourself, including things such as:

Year in college
College you attend
Area of study
Number of years it will take you to reach your goal
Have you changed your major since enrolling in college?
Diversity of career you can have with your chosen degree?
Will your chosen profession make enough money to pay student loans, if you have them?

I will ask you the following questions?

What do you miss about high school? What do you least miss about high school?

What can I do now in junior high or high school that would better prepare me for college?

What did you wish you would have known before you went to college?

What is or has been your biggest obstacle attending college?

How much does college cost per semester?

Have you been intimidated by the size of the classrooms or the size of the college campus? What is the population of your college?

Have professors/teachers/advisors been helpful?

Roommate? Good things? Problems?

Apartments vs. Dorms

Financial planning ideas? Budgeting tips? Credit cards? Debit card?

Do you have a job? Off campus? On campus?

What is your best advice for these impressionable young minds?
